**Versa Lift Options & Upgrades**

**Auto-Shutter** (AS24 for Model 24; AS32 for Model 32)

Shutter Door Closed

The Auto-Shutter automatically deploys a shutter door to cover the Versa Lift opening whenever the lifting platform is lowered. This accessory is required whenever the Versa Lift is installed inside the living space of a home, or in a closet, or in an attic space accessible by a passage door from a living space, or on a deck, or any other area where children or pets might have ready access to the lift opening.

Kit includes all parts and hardware needed and detailed instructions for installation.

**PE23 Platform Enclosure** (for Model 24)

The Platform Enclosure includes two fixed end walls and two hinged ramp doors. Doors latch upright to contain objects on the platform for lifting. When lowered the doors become loading ramps for the lifting platform, making it easy to roll carts and platform trucks, or other wheeled items onto or off of the lifting platform. Great for lifting household items like groceries, small appliances, laundry, firewood, and more! Kit is complete with detailed instructions.

(Note: Cannot be used with TP24 Treadplate.)

**TL24 Truss Leg Kit** (for Model 24)

The Truss Leg Kit adapts the Versa Lift 24 to fit between roof trusses on 24" centers. Usually the Versa Lift will not fit between roof truss members on 24" centers. (Roof trusses must not be cut or modified because each member is load bearing within the assembly.)

The TL24 Truss Leg Kit includes specially designed housing legs. Kit includes detailed instructions and all parts and hardware

**TP24 Treadplate Platform** (for Model 24)

This heavy duty platform cover provides a durable non-slip aluminum tread plate that enhances both appearance and performance of the Versa Lift platform. The TP24 platform upgrade is ideal for heavy use applications where the standard platform surface may show signs of wear and tear. The design also adds appeal for garage and auto enthusiasts. The TP24 cover fits over the standard platform and includes complete instructions.

(Note: Cannot be used with PE24 Enclosure.)

**Versa Lift Accessories**

**Tuff-Cart** (for All Versa Lift Models)

**Tuff-Cart** lives up to it's name providing easy mobility for heavy loads (up to 250 lbs). Great for transporting and storing gardening tools, hobbies, crafts, cleaning supplies, etc. so you can have everything in one mobile work center! Stores it in the attic when not in use!

**Smart-Cart** (for All Versa Lift Models)

**Smart-Cart** is elegant and functional. Use it indoors to serve guests or outside for pool parties and cookouts! Shelves are lipped all around, but front lip is lower making it easy to slide off trays, plates, etc. Easy to clean, won't chip or rust. Four casters make this cart highly maneuverable. Supports up to 250 lbs.

**Work-Around Cart** (for All Versa Lift Models)

**Work-Around Cart** takes your tools where you need them. Roll it into the driveway to repair the family car... Roll it anywhere in the home such as the bathroom, kitchen, patio or back yard! With the **Work-Around** you won't have to keep running to the garage for another tool!
